

JALEN ROSE LEADERSHIP ACADEMY

Jalen Rose Leadership Academy

Enrichment Catalogue Activities, Clubs and Sports 2016-2017

Rationale:

JRLA believes that in addition to building our scholars' abilities in the classroom, extracurricular enrichment and passion is essential for our scholars' success in high school, college, and beyond.

With this in mind, we are proud to offer a robust Enrichment Program that gives scholars the opportunity to showcase their many other talents and gifts.

Whether on the playing field or hardwood, on the chess board, in an engineering lab, or in the middle of the backwoods, all scholars are encouraged to find a passion within one or more of our clubs, teams or activities.

Requirement:

It is a JRLA promotional requirement that all scholars earn 1.0 Enrichment Credits in order to graduate.

This breaks down to all scholars earning 0.25 credits per year, equal to 25 hours of involvement in a program or club. **Scholars should participate in at least one program or club per academic year.**

Scholars: If you see something you like, speak with the listed Sponsor/Coach or your Advisor for more details on how to get involved.

Parents/Guardians: If you know your scholar needs Enrichment Credit, use this document to help them select a program from the list.

If you don't see what you're looking for, or if you have a great idea for a future club, team or program, speak with your Advisor.
